

# BioProTT™ FlowSU System

READY. CONNECT. FLOW.

Where Innovation Flows

We've listened. We've innovated.  
We've solved your pain points.

Introducing the BioProTT™ FlowSU System  
– an innovative flow measurement system  
for single-use biopharma applications.

The new system features a first-of-its-kind disposable  
sensor that eliminates the need for calibration and  
a reusable and easy-to-mount holder profile with  
integrated electronics.
