

A Series
Eccentric Disc Pump
Your solution for a wide range of liquids.
Up to 55 m³/h (242 gpm)

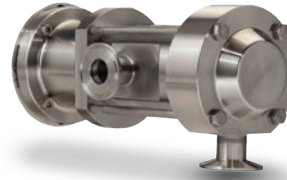

S Series
Eccentric Disc Pump
Your solution for sanitary applications with cleaning out of place (C.O.P), requiring quick and easy dismantling.
Up to 12 m³/h (52 gpm)

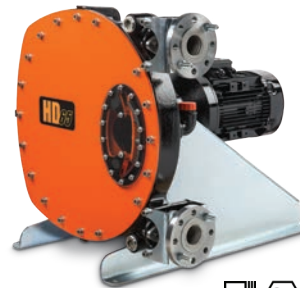

SLS & H-FLO Series
Eccentric Disc Pump
Your solution for air and shear sensitive products requiring a high sanitary standard.
Up to 65 m³/h (286 gpm)

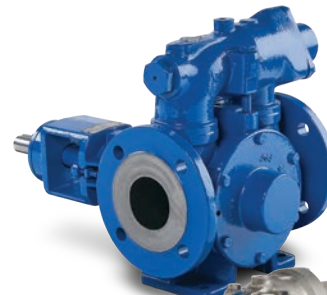

SLC & G-FLO Series
Eccentric Disc Pump
Your solution for Chemical & Industrial applications requiring full product containment (Zero leakage).
Up to 65 m³/h (286 gpm)

Micro C Series
Eccentric Disc Pump
Your solution for continuous dosing with low flow rate.
Up to 800 L/h (3.5 gpm)

Abaque Series
Peristaltic (Hose) Pumps
Your solution for solids loaded and abrasive products.
Up to 77 m³/h (339 gpm)

P & SLP Series
Sliding Vane Pump
Your solution for high viscosity products.
Cast iron or stainless steel.
Up to 100 m³/h (440 gpm)
